## Father, Daughter Make Great Team When Playing Texas Lottery® Games

(Austin, February 1) - Anabelle Castillo and her father have been playing Texas Lottery® games for a long time and they've got their system down perfectly. Castillo takes her father grocery shopping every Friday, and every Friday they take the opportunity to stop and get *Pick 3*®, *Cash Five*® and *Lotto Texas*® tickets for the upcoming drawings.

"We spend \$20 a week. My father really likes his *Pick 3* and *Cash Five* games. He always said if those tickets ever win, we would split the prize," Castillo said. "I called him Friday morning to tell him that we had won the lottery. He thought I meant the jackpot; the \$57 million one. He asked that in the future I be more specific when telling him which game we won."

Castillo said her dad was still excited, though, about their *Cash Five* prize, \$17,822. The pair bought the five-of-five matching ticket at Stop N Go, located at 9022 Marbach Road in San Antonio. The retail owner is eligible to receive a bonus of \$178.22 for selling the prize-winning ticket.

"It sounds like these two Texas Lottery players make a good team," said Executive Director Reagan E. Greer. "Since *Cash Five* began in 1995, we've awarded nearly \$900 million in cash prizes to players. I look forward to hearing about the many more *Cash Five* winners who I'm positive will follow."

Castillo told lottery officials she plans on using her half of the winnings to pay for a vacation cruise for her anniversary and may be a family vacation to Disney World.

"The reason you play is to win," she said.
