## **Wednesday's *Lotto Texas*<sup>™</sup> Drawing Occurs After Technical Difficulties Resolved**

(Austin, October 14) - Technical difficulties with a drawing machine prevented the live broadcast of last night's *Lotto Texas*<sup>™</sup> drawing. The drawing was conducted after the 10:12 p.m. live broadcast, in accordance with pre-established Texas Lottery Commission drawings procedures, and the numbers selected were certified by the independent auditor, Davila, Buschhorn and Associates, P. C. Those numbers were 10-11-30-42-44 and the Bonus Ball number was 4.

"This was the first time in nearly 12 years of *Lotto Texas* drawings that we've had this sort of incident and I want to ensure all Texas Lottery players that the security and integrity of our games remain intact," said Reagan E. Greer, Executive Director of the Texas Lottery Commission.
